

MATEJ TRAJCHEVSKI

SOFTWARE ENGINEER

Skopje, North Macedonia | +389 71 341 016

hello@matejtrajchevski.com

matejtrajchevski.com

linkedin.com/in/matejtrajchevski

Software developer and engineering student building websites, backend systems and connected workflows. Experience spans international client delivery, telecom operations, automation and containerized applications. Strong interest in generative AI and AI-assisted development.

EXPERIENCE

Freelance Web Developer & Designer

Upwork | 2021 - Present

Deliver custom websites for international clients using WordPress, Webflow, PHP, JavaScript, WooCommerce. Deliver responsive interfaces, integrations, troubleshooting and performance improvements.

BSS Operations

A1 Macedonia | 2024

Worked with telecom business support systems, monitoring, troubleshooting, integrations, workflow automation and data management using PHP, SQL and TIBCO.

CNC Software Programming Intern

Koki D Kompani | 2024

Gained hands-on experience in CNC software programming through practical training.

Software Programmer Intern

Elevkom (Elevator Service) | 2023

Contributed to software development, testing and refinement for elevator control systems.

Game Hosting Reseller / Technical Setup

Matrix Hosting | 2016 - 2021

Configured game-hosting environments, game files and modes; provided technical support and onboarding for gaming communities.

EDUCATION

BSc studies in Computer Technologies and Engineering (KTI)

FEIT, Ss. Cyril and Methodius University in Skopje (UKIM) | 2021 - Present

High school diploma - Mathematics, French bilingual class

SUGS Rade Jovcheski Korchagin, Skopje | 2017 - 2021

MATEJ TRAJCHEVSKI

TOOLS, PROJECTS & COMMUNITY

MY TOOLKIT

WEB & CMS

WordPress, PHP, Webflow, WooCommerce, HTML, CSS, JavaScript, React, Angular

BACKEND & DATA

C#, ASP.NET Core, .NET MVC, EF Core, REST APIs, SQL, MySQL

LANGUAGES & SYSTEMS

Python, Java, C, C++, Unity, real-time physics, Arduino, MQTT

DEVOPS & CLOUD

Docker, Linux, Git, Nginx, DNS, SSL; Bash and AWS / EC2 fundamentals

INTEGRATIONS & AI

Stripe, Make, webhooks; ChatGPT, Claude / Claude Code, Codex, AI-assisted development

DESIGN

Figma, Adobe Photoshop, Illustrator, responsive UI implementation

LANGUAGES

Macedonian, English, French

SELECTED PROJECTS

Rouge Pilates

WordPress / PHP / Mindbody / Polylang

Built a bilingual site with Mindbody booking, accounts and purchase widgets; expanded it for two studios.

MZSS Patrol System

WordPress / PHP / MySQL / QR + GPS

Built shift approvals, signed QR attendance with GPS and time checks, payroll budgets and PDF exports.

Martinazzi Properties

WordPress / PHP / WooCommerce / Stripe

Built validated rental applications, digital signatures, generated PDFs and an application-fee checkout.

Drew Addis

WordPress / PMPro / bbPress

Built a membership platform with gated recipes and forums, plus a fueling audit stored on member profiles.

University Management System

ASP.NET Core 8 / C# / EF Core / SQL Server

Academic MVC app with admin, professor and student roles, bulk enrollment, grading and CSV imports.

Matrix Hosting

PHP 8 / Custom MVC / MySQL / PDO

Academic hosting panel with order approval, simulated server provisioning, email notices and support tickets.

Gesture Glove

Arduino Uno / BNO055 / Python / MQTT

Converted sensor gestures over USB serial into keyboard controls for browser games and MQTT events.

Webflow x Stripe

Webflow / Make / Stripe API

Created dynamic Stripe Checkout Sessions from sponsorship and ticket selections through Make.

More client work

Argolight / Mugshot Tattoo / Leclo / Plusenergie

Gated whitepaper plugin; artist profiles and tattoo inquiries; bilingual agency site; ACF-powered live search.

COMMUNITY & LEADERSHIP

MZSS | Co-founder, General Secretary & Ski Patroller | 2023 - Present

Organization, coordination and active ski patrol; built the association's patrol management system.

Red Cross, Gazi Baba | First Aid Volunteer & Educator | 2015 - Present

Volunteer first aid support and education.
